Foreword

Seniors, faculty, and the entire student body can well be proud of their accomplishments during this year. In these pages we have attempted to give you a brief synopsis of these accomplishments. We hope that from this annual you can retain some of the satisfactions experienced this year.

To Mr. Parrish, members of the faculty, our parents, and all those who extended a helping hand in our times of need, we wish to express our sincere appreciation. We hope that when you look back on our years here, you will remember that you are the ones which have inspired us to reach for higher goals.

Much effort, time, and thought have been placed into this yearbook by all involved. Whether good or bad, we cannot say, but we, the Seniors, give you the MEMOIRS of nineteen-hundred sixty four.

Dedication

We, the Senior Class of 1964 as a token of our appreciation for his guidance, dedicate our annual to MR. JAMES "ALGIE" FAIRCLOTH. Throughout the time he has been here, he has stressed the fact that a good body is necessary for an alert mind. He has encouraged student participation in the athletic program and has received enthusiastic support.

In the classroom he has ably taught the problems of both math and democracy. To the physical education classes he has taught self-respect and good sportsmanship.

To Mr. Faircloth, builder of minds in the classroom and bodies in the athletic program, we dedicate the 1964 MEMOIRS.

Administration

The administration is the backbone of Spring Hope High School. The faculty is our source of leadership and our guide to learning. The two together led us into not only intellectual learning, but also social, physical, and spiritual learning. The administration is the first factor in the existence of our school.

For the past twenty-six years Mr. M. V. Parrish has led our school with great understanding and leadership. We wish to extend our gratitude for his kindness, friendship, and guidance to us during our years in high school. Without his support and patience, we could not have accomplished one of our greatest desires. He will be one of the fondest memories of our high school days.

MRS. DOROTHY BISSETTE, Secretary

Mrs. Bissette has served in our school as secretary for the past five years. She has not only helped with the office affairs, but has extended a willing hand to any student in a time of need. We wish to express our appreciation to Mrs. Bissette for her service.

"It may seem strange to us that this life ends
When there is so much we want to do.
So many plans to make, so many friends,
So many dreams we want to make come true,
And yet, we know that death can only give
The gift of life eternal—Ending never.
Where we may plan and work and grow and live
Triumphantly, forever and forever."

Features

The features are the recognition of outstanding students and the traditional activities. The WHO'S WHO, prettiest girls and boys, superlatives, honor students, homecoming court, and sweetheart queen, all have a place in our school. Through these activities we grow socially. This is the fourth factor in the existence of our school.
